Dick, formerly Mrs. John Jacob Astor, has returned to Palm Beach for this winter season, after an absence from the famous resort of several years. Above picture was taken on the sands at the beach.**GIANT HEAD OF EX-CZAR AMUSES YOUNGSTERS**

Kids are pretty much the same the world over, as this exclusive photograph direct from Moscow shows. The Russian boys stand fascinated by the giant head of Alexander III. The statue was torn down during the Republican regime. The Bolsheviks are preparing to re-erect it in a museum in Moscow.

**WAR TELEPHONES TO  
BE USED BY U. S.  
FOREST SERVICE**

That the Kahn bill, providing for a transfer of motor vehicles and road construction apparatus of the war department be turned over to the department of agriculture, has been passed by both houses of congress and will be submitted to the president for his approval in the near future, was the statement made today by District Engineer J. P. Martin, of the forest service.

Mr. Martin stated that the bill was really an amendment to the postoffice appropriation bill, passed in 1919, but in addition to furnishing the department of agriculture with road building materials, will provide passenger cars to be used on official business.

While several Ford touring cars arrived in Ogden some months ago, consigned to the local forest headquarters, no authorization to pay for freight, storage, or maintenance of the machines have yet been received. The Kahn bill will provide for this, it is reported.

The Kahn bill also provides for a transfer of all telephone equipment of the war department to the forest service. As this equipment is sufficient to string hundreds of miles of telephone lines, a network of telephonic communications is anticipated in such forests as are menaced by fire.

Through the passing of the bill, millions of dollars worth of trucks, motor cars, road equipment, and telephone paraphernalia will be distributed to the forest service, and bureau of public roads, and a good portion of this equipment will be consigned to Ogden for distribution to forest supervisors in this district.

**DRAMATIC SCENE IS  
WITNESSED WHEN  
COURT RECESSES**

Court room attaches and witnesses in a case in Judge A. E. Pratt's division of the district court witnessed a dramatic scene at the adjournment of court at noon today, when Carl Strand, the defendant in the divorce action filed by his wife, arose from his seat, shook his fist at Trese Strand, his wife, and plaintiff in the action and loudly denounced her as "a liar."

The further denunciation which the large defendant was preparing to heap upon the small plaintiff, was cut short by Bailiff William Lowder, who ejected Strand from the court room.

The defendant's language was heard by Judge Pratt in an adjoining room, and he rushed into the court room in time to see the defendant being taken from the court room.

**FREE PICTURE SHOW  
AT ELKS CLUB ON  
SUNDAY**

Members of Ogden lodge No. 719 B. P. O. Elks are distributing tickets to the free picture show to be given at 2:30 o'clock Sunday afternoon at the Alhambra theater when the Elks will show two films.

One of these is called "The Way Back." The other deals with several phases of Elksdom's participation in the world war.

These pictures have been shown in other cities at prices ranging from 50 cents to \$1.50. In Ogden the Elks bought the exclusive rights to the picture and are offering it free.

Tickets may be procured from any member of the lodge.

The Elks and Uncle Sam have joined forces to take care of our wounded soldiers, sailors and marines.

Uncle Sam has been trying to look out for his disabled fighters through the federal board for vocational education, and that board has done splendid work to date. But, through inability to complete insurance records and because of other obstacles, it has been severely handicapped. Now, however, the Elks have raised a large fund for the immediate practical assistance of our crippled warriors, and they are using that fund in direct co-operation with the federal board.

The story of this "deal for a square deal" for wounded fighters, which has been made between the Elks and the federal board for vocational education, is not one of uplift or professional charity. It is a story of "first aid" for our Yankees who fought and were permanently disabled—a story of helping our helpless American heroes to help themselves.

A big part of this story will be told in "The Way Back," which will be shown under the auspices of the local lodge of the Elks. This master production relates a story that never before has been flashed on the screen. It is a "behind the scenes" story of the war. It is the story of wounded American heroes, who do not appear in
